

Letter of Recommendation

December, 2025

To Whom It May Concern:

I'm happy to share my experience working with Antonio.

We worked together on the eHZZO project, a complex backend system in Croatia led by Atos. During that time, I had a very positive experience collaborating with him, especially on backend .NET development and database-related work.

Antonio was always easy to work with, open to collaboration, and ready to help whenever needed. He willingly shared his knowledge and contributed a lot to the team through discussions and problem-solving. I consider our cooperation very successful, and together we delivered a lot on a technically demanding project.

Overall, Antonio is a reliable and skilled backend developer, and I would gladly work with him again. I believe he would be a strong addition to any team.

Sincerely,

A handwritten signature in black ink that reads "Ivo Jercic". The script is fluid and cursive.

Ivo Jercic
